Founder

Thakra Ram Parihar: A Journey from Driver to Entrepreneur.

Thakra Ram Parihar's life is a testament to hard work, determination, and the pursuit of dreams. For 40 years, he worked tirelessly as a driver, navigating the roads and highways of India. But his ambition didn't stop there. He had a vision to start his own transport company, and today, that vision has become a reality.

The Parihar Logistics, founded by Thakra Ram, has grown into a successful transport company with a fleet of 10 trucks. What's even more remarkable is that his two sons, Suresh Parihar and Rakesh Parihar, are actively involved in the business, taking it forward with their father's guidance.

His journey is an inspiration to many, showing that with perseverance and dedication, anyone can achieve their goals. The Parihar Logistics is a shining example of how a small dream can turn into a big success story.
